**The late
Mr. Sie Yudeh Langford,
Administrator (1989-2015)**

The Langford family in collaboration with the Bishop Matthew Norwood School Family remain committed to keeping your vision for the institution

"WE WILL NOT STOP UNTIL IT IS DONE"

May your soul and the souls of other faithful departed rest in perfect peace and light perpetual shines until we meet again.

MOTHER
PATRICIA M. POURE LANGFORD
(PRINCIPAL/PROPRIETRESS)

MESSAGE

I am very much gratified and appreciative to the Almighty God who had spared our lives to reach to this day. He made us to come to the end of this academic year 2020/2021 successfully. He had made us to achieve what we thought was impossible, but is there anything too hard for God? I quote; Luke 1:37 for with God nothing is impossible. Let God be glorified.

To **Mr. Yudeh Sie Landford** my son, the able young and innovative supervisor, I bestow on you my heartfelt thanks and appreciation for conducting the affairs of this institution successfully. Under your administration you have brought our dream to realization by raising the school to senior high, established the modern computer lab, a library and multiple court. May God be your anchor.

To the Administration, Staff, Matron and Security, I do not count you as employees but as my children based upon the cordial working relationship exist between us. There is nothing that I could have done without you. Let us continue to work assiduously to bring the school to a nobler height.

To the parents and guardians, I also extend my thanks to you for having enrolled your children in this institution. In this institution our belief is until quality education is achieved let us support.

I am appealing to the government to help subsidize all the private schools and not only the school systems. Public school children, private school children and children of school systems are all children of the government of Liberia; therefore, everyone has the equal right to quality education.

Thanks.

MR. YUDEH SIE LANGFORD
ADMINISTRATOR/SUPERVISOR
MISSION STATEMENT

The late President Nelson Mandela states “education is the great engine of personal development. It is through education that the daughter of peasant can become a doctor; that the son of a mineworker can become the head of a mine; that the child of farm worker can become the president of a great nation”.

It is against this background that the Bishop Matthew Norwood School prioritized *education first above others*. We believe in the principle goal of education which is to create people who are capable of doing new things, not only of repeating what other generations have done.

Our philosophy is to inspire all students to develop marketable 21st century skills. These skills include reading, writing, mathematics, computer knowledge, collaboration and the integrity of being a responsible and productive citizen.

Our mission is to develop young men with active and creative minds, a sense of understanding and compassion for other, and the courage to act on their beliefs. We stress the total development of each child: spiritual, moral, intellectual, social, emotional and physical.

This community school recognizes that each child is an individual; that all children are creative; that all children need to succeed. Therefore, Bishop Matthew Norwood School respects the individual needs of children; fosters a caring and creative environment; and emphasizes the social, emotional, physical, intellectual development of each child.

Bishop Norwood School role is to help each child come into confident possession of his/her innate talents, improve the skills needed for success in secondary school, and establish values that will allow him/her to act with thoughtfulness and humanity.

We are committed to assure learning experiences that will assist our students to achieve their greatest potential to adapt and adjust to a diverse and ever changing society. We are dedicated to serve our students with understanding that diversity of gender, physical or mental ability, culture and background is the strength to be respected.

Each person affiliated with our school is a valued, needed member of the Bishop Matthew Norwood Viking community. Every Viking is responsible for promoting positive learning opportunities in a caring equitable manner. This environment will enable all to develop full their academic, emotional, social and physical potential and, thus be empowered to assume responsible citizenship in our local, national and global communities. To this end, we value achievement, respect and concern for others, affiliation and pride, diversity, equity and opportunity, communication, safety and order, collaboration, responsibility and accountability, and trust as cornerstones of our learning community.

**WORD OF APPRECIATION AND
MOTIVATION FROM THE
PTA CHAIRMAN**

**Rev. Wilmont Barlingar Jr.
Chairman
PTA Board**

I am very grateful to God Almighty who had made it possible for us to reach this far. Having gone through the wards of high school with a tedious and financial hardship through God's grace, our twelfth graders were able to make a successful passed in the WASSCE, bravo to our students.

Let me take this time to extend my thanks and appreciation to all parents and guardians who stood firmly and financially to get your kids graduating from the 12th grade today. This is a historical and unforgettable event in the lives of the kids.

Remember, parents and guardians our children will be an agent of change for the betterment, if we continue to foster our financial muscles in educating them.

Tomorrow, we will be the recipient of this worthy cost. Don't be wearied, despite, their attitudes let motivate them. Myself is riding in the same boat you are riding.

Remember, children let arrow we shoot into the future to substitute us, when we are old.

Let me take this time to also extend my thanks and appreciations to the Administration of this noble institution, who stood firmly to making this academic year a success through God's grace. Bravo to our Administrative staff. May God guides you in wisdom, patience and understanding.

To all my teachers, Bravo, you have done exceptionally well, despite the challenges. Continue your good works, life is sowing and reaping, your good works will one day speak for you.

Congratulations and a prosperous 2022. God bless you all!

Order of the Program

Interlude of Music -- BMN Instrumentalists

Appreciation

Special thanks and appreciation to the Bishop Matthew Norwood family for job well done. your efforts towards me is highly respected. Special thanks to my big papa Mr. Barco (Bishop) not forgotten Mr. Edwin N. Wesley (My Backbone) I highly appreciate you guys for been there for me.

Message from the People of Victory (Nikolaos)

Good day.

The Proprietress/Principal, Mrs. Patricia Monuay Poure-Langford; The General Supervisor, Mr. Yudeh S. Landford; Academic Dean, Mr. Jackson M. Kollie; Dean of Students and sponsor of the graduating class 2020 – 2021, Mr. Sam Johnson; Advisor to the Administration, and assist. Sponsor of the graduating class 2020 – 2021, Mr. Tokpa Barco; Vice Principal for Administration, Mrs. Sowou K. Johnson Phillips; Vice Principal for Instruction, Dean Anthony Howard; Faculty and Staffs; Our Honorable Guest Speaker; Distinguish Ladies and Gentlemen.

The officials and members of the Nikolaos class of 2020/2021 with a high esteem and dignity, embrace everyone here today for gracing this unique occasion and thanks to everyone for making this day a success, and give yourself a hand of applause.

Retrospection on our lives, remembering those battles that we fought in the past, battles that tried to take us out of the path of our destiny. we fought with spear and bow and arrow, we struggled and hustled and some of our friends fall by the way side because of the fear of the battle, but despite all of those that came our path of destiny, we always remembered those command giving to us by our commander, captain, general, major, etc. Those advises made us conquered the virus called fear, which made us overcome situation that took over territories, all of these make us coming out with flying colors that today we can take a look at ourselves and say that we are the true meaning of the "Nikolaos, people of victory."

It was a very long, difficult and memorable joining, but finally we have completed our 14th years joining of high school and is about time to take different path. No matter how we are now, we are never too young or too old for moving forward.

Nikolaos we are, Nikolaos we remain. Long live the class of Nikolaos.

Most Creative Girl: Famata Karmoh

Mr. Sam Johnson
Class Sponsor

Andrew G. Jackson Valedictorian

Good afternoon.

All protocols observed and sustained.

I am student Andrew D. Jackson, first dux of our reputable institution, Bishop Matthew Norwood High School, in Paynesville Duport-road.

I offer thanks to our heavenly father for affording me this great opportunity of seeing this all important day in the annals of our school.

I feel very pleased and honored to deliver my speech before this great assembly. My speech is entitled: **THE POSITIVE EFFECT OF FORMAL EDUCATION IN THE LIVES OF CHILDREN.**

The highlights of my speech include: **INTELLECTUAL DEVELOPMENT, CHARACTER BUILDING AND SELF-RELIANCE OR INDEPENDENCE.**

For the purpose of my speech, I will regard formal education as the process of learning that takes place in the school setting.

Having said that, I make bold to say that formal education has many positive effects in the life of every growing child.

First, formal education contribute immensely to the intellectual development of the child. Formal education nurtures or stimulate growth and maturing of the young mind of a child.

A child's mind is full of questions and inquisitiveness. There is a great desire to know the environment and the world at large. It is through the experiences and challenges provided by formal education that these desires are met and the mind is put on a path of continuous development. As the child makes progress in the learning process, so does the mind become more developed to grasp the reality of the world at large. It is often said that experience is the best teacher. Formal education provides the experiences every child needs.

Next, I look at the true worth of a person, which is commonly called character.

Formal education provides several opportunities for a person to build himself or herself up into a better character in society. The learning process affords the child the needed ingredients to become a great character or a person of high worth in society. Your character is who you really are. Formal education builds up a person to be honest, hardworking, respectful and trustworthy.

Finally, formal education prepares a person for a future life of self-reliance or independence. The process of formal education instills a sense of independence, freedom and self-reliance.

In school, we are taught to perform several tasks on our own. We learn to do things by ourselves. On the long run, an educated person is an independent and self-reliance person who can take personal initiative at any level of activity.

Inclusion, I will like to say to all our educational stakeholders to continuously support every child regardless of who they are to help them obtain these benefit of formal education for the betterment of our nation and the world at large.

Hon. Andrew Jackson Student Council President (SDP) 2020/2021

The Proprietress/Principal, Mrs. Patricia Monuay Poure-Langford; The General Supervisor, Mr. Yudeh S. Landford; Academic Dean, Mr. Jackson M. Kollie; Dean of Students and sponsor of the graduating class 2020 – 2021, Mr. Sam Johnson; Advisor to the Administration, and assist. Sponsor of the graduating class 2020 – 2021, Mr. Tokpa Barco; Vice Principal for Administration, Mrs. Sowou K. Johnson Phillips; Vice Principal for Instruction, Dean Anthony Howard; Faculty and Staffs; Our Honorable Guest speaker; President and members of the newly elected Students Council Government here present; Members of the Fourth Estate, PTA Chairman, The graduating class of 2020 – 2021" class of Nikolas (people of victory); Parents and Guidance; Student body; Distinguish Ladies and Gentlemen. I am student Andrew D. Jackson; Student Council President of this noble institution. I regard this as a great privilege and pleasure for me to be elected as the Third Student Council President from the Student Democratic Party (SDP) a party for change of this noble institution.

First of all, I wish to express my greatest gratitude to God for his protection and provision during our high school days, and our days into power as student council government of this noble institution. Many thanks and appreciation goes to the Bishop Matthew Norwood family for their tireless efforts toward our educational sojourn, and also our hardworking parents and guidance who supported us financially and morally during our educational sojourn, not forgotten everyone who has left his/her activities to be part of this historical event may the Almighty God bless you richly. To all members and non-members of the Student Democratic Party (SDP) for change of this noble institution, I want to say thanks for your hard work and support. It wasn't easy but we did what we could have done with whatever funds we have gotten.

During the debate, we listed so many things on our platform such as:

- Ø Accountability
- Ø Student advocacy
- Ø The each one teach one policy

All of what we said to you on that faithful day, we have completed about 90% of them. The third student council was the first government of this school to undertake a personal project, and did advocate for many more project such as the marker board in the senior high division. All glory belong to God. The administration, please work with my vice standard bearer who is now the newly elected president, his Excellency Elijah J. Neor Jr. to complete our leadership vision. Congratulation to the administration and the entire teaching staff, our hard working parents and guidance and the graduating class of 2020 – 2021, the class of Nikolaos meaning "people of victory."

Graduates, let us enter the larger societies without changing what we have learned, but changing the societies with what we have learned. So help us Lord.

Thanks.

Student Council Government Officials 2020/2021 (SDP)

Jackie Jackson Salutatorian

Good afternoon.

All protocols observed and sustained.

I am student Jackie Jackson, outgoing graduate of our noble institution, Bishop Matthew Norwood High School, in Duport-road, Paynesville, Liberia.

I am grateful to the Almighty God for making this wonderful day in making the dream in my life come through. I am highly, honored and privileged to stand before this august body to deliver my speech as the second dux of our high esteemed school.

On this wonderful occasion, I will speak on the topic: "THE VALUE OF EDUCATION." In my speech, I will stress on education as a key to success in life, important factor in nation building and a building block in intellectual development.

Before I delve into my topic, I will first and foremost give a working definition of education. It is regarded as the process that gives young people an initiation into values, giving knowledge of rules needed to function in the relationship to others and to seek development in grasping certain underlying principle.

Now, education is very valuable in several ways, but I will only highlight three of these because of time.

Education, I mean quality education is a very useful key that opens the door of success in the life of its possessor. This is made possible because in the process of acquisition of education, innate or buried potentials and abilities are nurtured and developed. An educated person means, a person who has built up his or her skills in certain profession or discipline which becomes a source of income that elevate the wellbeing of life.

Furthermore, education has a greater value in the sense that an educated workforce is a critical factors in nation building. Education equips a person to build others and also build the infrastructure of the country. The various professions are made up of people that are educated and actively involved in both manpower development and infrastructural development. No nation can be built without first building the citizens through education.

Finally, education helps an individual to be intellectually mature. An educated person is able to exhibit a higher lever or degree of wisdom, knowledge and understanding. An educated person, thinks reasons and draws better conclusions.

An intellectually developed person is not controlled by feelings or emotional but is very rational and far better in decision making. These are people that make better and more successful leaders.

In conclusion, I will admonish our parents, guardians and the Ministry of education to leave no stone unturned in an effort to see every Liberian child educated.

I thank you all and may the Almighty God bless and protect mama Liberia.
