"Love All Mankind"

**The late
Mr. Sie Yudeh Langford,
Administrator (1989-2015)**

The Langford family in collaboration with the Bishop Matthew Norwood School Family remain committed to keeping your vision for the Institution.

.

"WE WILL NOT STOP UNTIL IT IS DONE"

May your soul and the souls of other faithful departed rest in perfect peace and light perpetual shines until we meet again.

MOTHER
PATRICIA M. POURE LANGFORD
(PRINCIPAL/PROPRIETRESS)
MESSAGE

I am very much gratified and appreciative to the Almighty God who had spared our lives to reach to this day. He made us to come to the end of this academic year 2022/2023 successfully. He had made us to achieve what we thought was impossible, but is there anything too hard for God? I quote; Luke 1 :37 for with God nothing is impossible. Let God be glorified.

To **Mr. Yudeh Sie Landford** my son, the able young and innovative General Supervisor, I bestow on you my heartfelt thanks and appreciation for conducting the affairs of this institution successfully. Under your administration you have brought our dream to realization by raising the school to senior high, established the modern computer lab, a library and multiple court. May God be your anchor.

To the Administration, Staff, Matron and Security, I do not count you as employees but as my children based upon the cordial working relationship exist between us. There is nothing that I could have done without you. Let us continue to work assiduously to bring the school to a nobler height.

To the parents and guardians, I also extend my thanks to you for having enrolled your children in this institution. In this institution our belief is until quality education is achieved let us support.

I am appealing to the government to help subsidize all the private schools and not only the school systems. Public school children, private school children and children of school systems are all children of the government of Liberia; therefore, everyone has the equal right to quality education.

Thanks.

MR. YUDEH SIE LANDFORD
GENERAL SUPERVISOR
MISSION STATEMENT

The late President Nelson Mandela states “education is the great engine of personal development. It is through education that the daughter of peasant can become a doctor; that the son of a mineworker can become the head of a mine; that the child of farm worker can become the president of a great nation”.

It is against this background that the Bishop Matthew Norwood School prioritized *education first above others*. We believe in the principle goal of education which is to create people who are capable of doing new things, not only of repeating what other generations have done.

Our philosophy is to inspire all students to develop marketable 21st century skills. These skills include reading, writing, mathematics, computer knowledge, collaboration and the integrity of being a responsible and productive citizen.

Our mission is to develop young men with active and creative minds, a sense of understanding and compassion for other, and the courage to act on their beliefs. We stress the total development of each child: spiritual, moral, intellectual, social, emotional and physical.

This community school recognizes that each child is an individual; that all children are creative; that all children need to succeed. Therefore, Bishop Matthew Norwood School respects the individual needs of children; fosters a caring and creative environment; and emphasizes the social, emotional, physical, intellectual development of each child.

Bishop Norwood School role is to help each child come into confident possession of his/her innate talents, improve the skills needed for success in secondary school, and establish values that will allow him/her to act with thoughtfulness and humanity.

We are committed to assure learning experiences that will assist our students to achieve their greatest potential to adapt and adjust to a diverse and ever changing society. We are dedicated to serve our students with understanding that diversity of gender, physical or mental ability, culture and background is the strength to be respected.

Each person affiliated with our school is a valued, needed member of the Bishop Matthew Norwood Viking community. Every Viking is responsible for promoting positive learning opportunities in a caring equitable manner. This environment will enable all to develop full their academic, emotional, social and physical potential and, thus be empowered to assume responsible citizenship in our local, national and global communities. To this end, we value achievement, respect and concern for others, affiliation and pride, diversity, equity and opportunity, communication, safety and order, collaboration, responsibility and accountability, and trust as cornerstones of our learning community.

Rev. Wilmont Barlingar Jr.
Chairman PTA Board

WORD OF APPRECIATION AND MOTIVATION FROM THE PTA CHAIRMAN

Warmest greeting to the administration, staffers, parents, and guidance.

As we all strive in developing the human capital. It is an approach that is developmental, in realizing growth and human resource development. Together we can push our children's dexterities to higher dimension of competency, in fulfilling their dreams, making them an agent of change in the society. That is, to making use and sharpening their critical and reasoning powers and to engender their quantum abilities in the larger society.

Bishop Matthew Norwood is in readiness academically, morally and spiritually in human resource supportive approach. This institution teaches all facets of education. The concept of human capacity is the realization that not everyone has the same gifting: talents, abilities, and skills.

Parents should/must know that human race is like caterpillar, moving, changing, transforming and undergoing the process of metamorphosis in all factors of existence. My parents, including myself, we are in the most complex, critical, and interesting times in human history and development. As chairman of the PTA of this noble institution, let us realize human capital development and buttress our children's efforts, is important. Because it is perceived to increase to increase productivity and profitability, educational development and training, that is, the more we invest in our children the more productive and profitable they become. Having invested in our children and realizing their quantum abilities, they benefit:

1. Employability
2. Self-employed
3. Investors
4. Human Capital Developers

Students must uphold their characters to be: ethical, social and virtue-related citizens of Liberia, so when our children's character are branded, parents will be proud, seeing their children as an agent of change in their communities, in religious communities, and in the nation. Bishop Matthew Institute teaches Christian education, in line with Godly virtues and ethical behavior for our children in buttressing government efforts to the human resource development. Building up their psychological, philosophical, social and moral needs enhancing human support approach and embracing democratic values.

Parents/Guidance, must understand and remember the seed principle by investing in their children's education, the last we have to spend. We will reap the benefits from our children by God's grace, let us talk with our children, pray with them and guide their social movement, not giving heed to deceiving spirits and doctrine of demons. We must pray to God, that our children be anthropocentric, which means, man-centered rather than being God-centered.

Bravo to all my parents and instructors, who are making endless sacrifices in molding the minds, intelligence and intellectual skills of our children in developing their critical and reasoning thinking powers; God bless you all!

See you 2023-2024 academic year.

Message from the Class of 2022-2023 (Phronesis Practical Wisdom)

Distinguish faculty, our energetic and supportive parents, esteemed guest, the Graduating Class, '**Phronesis**', the class of Practical wisdom.

As I stand before you today, tasked with capturing the essence of our collective journey, I am moved by the gravity of this moment. Today is not merely about the conclusion of years spent in classrooms, it is a celebration of the indomitable spirit that defines the class of Phronesis.

Our time here has been a mixture of challenges, achievements, and the forging of lifelong bonds. As your class president, I am honored to have witnessed the resilience, creativity, and unwavering determination that characterized each and every one of you. We are not merely graduates; we are a testament to the transformative power of perseverance.

The farewell I offer today is not just a parting of ways, it is an acknowledgment of the profound impact we have had on each other's lives. In the classrooms where ideas ignited, on the fields where victories were earned, and in the quiet moments of shared struggle, we became more than classmates, we became a family.

In bidding farewell to this familiar terrain, we embark on a journey that is both thrilling and uncertain. The world beyond these walls is vast, and it signals us with challenges and opportunities alike. As we step into this new chapter, let us carry with us the lessons learned, the friendships forged, and the indomitable spirit that defines our class.

Our shared experiences, be it moments of laughter or tears, have merged a tapestry of memories that will forever be carved in our hearts. It is this tapestry that we carry forward as a mixture of shared dreams, aspirations, and the echoes of our collective laughter that will resonate through the corridors of time.

As we part ways to pursue our individual destinies, let us not forget the strength we found in unity. The graduating class of 2023 is not just a footnote in history, it is a living testament to the potential inherent in each of us. Let our paths diverge, but let the spirit of solidarity, compassion, and resilience endure.

To the faculty who have imparted knowledge, the parents who have supported us, and the friends who have become family, we say thank you. Each of you has played an indispensable role in our journey, and your impact will forever be cherished.

In saying farewell, let us not dwell on goodbyes but rather celebrate the "hellos" that await us. As we scatter like seeds carried by the wind, may we find fertile soil to grow, flourish, and leave an imprint on the world that is uniquely ours.

Congratulations, dear graduates. The stage is now yours, and the world awaits your brilliance. May your futures be as bright as the memories we created together. Farewell, but remember, this is not the end, rather it is a new beginning, Thank You.

Valedictorian

Madam Principal, Hardworking General Supervisor, Honourable Guest Speaker, Administrative Staff, Teaching Staff, proud Parents & Guardians, Members of the Alumina Association, Members of the Student Council 2022/2023, Members of the Fourth Estates Present, Gov't Officials, My Follow Graduates, Distinguish Ladies & Gentlemen. Good Afternoon

I would like to begin by offering my deepest thanks and gratitude to the ALMIGHTY GOD, who is the reason we are all here today, thank you so much for everything.

I am Augustina Success Flomo, **Valedictorian** of Class Phronesis 2022/2023.

It is an honour to stand among many exceptional individuals to deliver this valedictory speech. A huge thanks to my lovely Parents, Rev. Augustus K Flomo Sr and Rev. Mot. Philimina Flomo, who have loved and stood by me since birth, I love you so much and also to those who have supported me through this journey, not forgetting the following persons: Bishop Dr. Jeremiah P. Sawbo, Mr. Alphanso King and other. you have my love, thanks so much.

Today allow me to briefly speak to you on the topic: **"THE POWER OF THE MIND"**.

Firstly, let it always be a reminder to everyone, that whatever you desired you can achieve it using mind power. Take me for example, this academic year I desired to become the valedictorian of my class, that was a promised I made to myself and my father, I even made a bet with it. Ladies and gentlemen, our thoughts affect what happens to us, what we focus on we attract. Mind power is directing our thoughts towards a desired outcome.

Focus on success and you attract success, focus on fear and failure you attract failure. Our mind is a power tools when we fill it with positive thought our life will start to change. When the mind is made up all part of the body works towards it. The process is that thoughts become action and action produce results. Our thoughts should always be fill with positivities and we should keep the negativities out if we want to achieve success.

As David Beckham said **"Success Begins in our Thoughts."**

Distinguish ladies and gentlemen, in order to use the power of the mind, we should be able to embrace challenges, persist through obstacles and see failures as an opportunity to learn and grow. We should be inspired by the success of others and use it as motivation to improve ourselves. Our mind plays a crucial role in determining our level of success, let us use them consciously and we will awaken to a whole new life of powers and opportunities.

To our parents, thank you so much for sending us to Bishop Matthew Norwood High School, it was the decision made by you all one of the reasons we are all gather here today, so thank you.

To the Administration of BMNHS and especially Mr Yudeh S Landford, the teaching staff, thank you all so much, the impact on our lives by you can never be forgotten, you created an environment of enthusiasm for learning, appreciation and motivation and provided us a room for doing mistake and a room to get it right.

To our wonderful sponsor, Mr Jackson M. Kollie words are not enough to express how much we are grateful, you have stood by us throughout this challenging and adventurous senior year, it was wonderful haven to know you and been under your guardians.

To my follow Graduates, Class of Phronesis 2022/2023, (Practical Wisdom) what I am most thankful for is the years we have spent together, this family we have created and the memories we have made, those memories will never be forgotten.

This noble institution of ours made it their duty and responsibility to developed our mind actively and creatively, as it is written in our school ode.

"We are the future of this nation, we have the power, we are the light and we will shine to the whole wide world." So let us go out in to the world and shine bright. Congratulation to us we made it.

Ladies and Gentlemen, I Thank You.

Student Council President (SDP) 2022/2023

Good Morning,
Madam Principal, Mrs. P. Monwaay Poure Langford, our hard working General Supervisor Mr. Yudeh S. Landford, Vice Principal for Administration Mrs. Sowou Johnson Philips, VPI, Mr. Anthony Howard, deans of students affairs, faculty and staffs, Mr. Guest Speaker, invited guests, Government officials, members of the fourth estate, the class of Phronises, student body, parents, distinguish ladies and gentlemen

I am Theophitus Kakia, President of the Bishop Matthew Norwood High School Student Council Government. I want to extend thanks and appreciation to God almighty who granted us this great opportunity to grace this historical graduation program of the class of Phronesis 2022-2023 (The class of the practical wisdom) of this noble Institution.

I will first and foremost give thanks to our administration for giving us the time to run the affairs of the student council government under a smooth atmosphere. Many thanks and appreciation go to all members and non members of the Student Democracy Party for their level of hardwork during our political struggle. We know that it was not easy but with God all things were possible.

During our campaign, we presented to you the student body several things that we catalogue which include but not limited to the following:

1. Student advocacy
2. Building student integrity
3. The each one teach one policy
4. The provision of a modern trash cans for sensation purpose
5. The construction of a modern water station

Ladies and gentlemen, with all of these being listed, I am pleased to report to you today that our government have completed over 80% of what we promised. Our government has been a government that had always listen to the cries, seeing the tears and getting in the shoes of students aim at working alongside the administration in solving problems that arise under the period under review. Glory be to the almighty God for giving us the wisdom of solution in leading you the students of this great Institution.

Distinguish ladies and gentlemen, because of our commitment to accomplishing our dreams as a government, we have crafted all of the frameworks intended to complete the balance 20% of my administration's platform, and want to assure you that my able Vice President, Student Barnabas D. Clark will continue to drive this vision effectively in my absence until our government accomplish the 100% target.

May God Bless the Student Democracy Party
May God Bless the Student Council Government
May God Bless the BMNHS and
May God Bless this Nation

Thanks

Salutatorian

Hon. Guest Speakers, our dynamic School Principal Mrs. Ponuay Poure – Langford, Vice Principal for Administration Mrs. Sowou Johnson-Phillips, our dynamic Deans, our hard working and dedicated staff, parents, guidance, fellow graduates, distinguished ladies and gentlemen.

My name is student Oretha N. Howard; it is an honor to be standing here as a salutatorian of the class of 2022/2023.

First, I want to give a big thanks and gratitude to my creator for making this day possible for us.

The last few months of high school was interesting. So many emotions are flying around that you can't tell the difference between excitement, nerves and grief. Nobody wants to say it but we're all thinking about our past or if we'll ever see one another we have hated again after graduation.

We are all running away from our small town and peers that we've "hated" for all these years but now we have realized the family that was created after these long years. Scrambling to make friends, reconnect and new connections, it is all we've ever known now we're expected to create a whole new life for ourselves for the first time, which is exciting but scary. We are clutching on the endless laughter with old friends, the late night studies and talk, having lunch with our friends and every last moment that are familiar.

Now that I'm finally starting to get comfortable in this place, unfortunately I have to leave. But even though we're leaving I believe that no matter where we are going off to colleges, the Bishop Matthew Norwood family will always be there for us. And it would not change. When we come back five (5) to ten (10) years later, we will still be loved and cared about just like we are today. That's what family is. And we all know that we would not be here today without the loving supports of our families at home, especially our mom and dads who encourage and support us, cheer us to succeed in our educational journey.

Thanks to my beloved Parents Mr. Aaron L. Dademanhn and Mrs. Esther Howard. Please stand, I want to promise you that today will not be the end of my education but the very beginning. May the stars be my limit. You may have your seats. Finally, to the class of Phronesis (Practical Wisdom 2022/2023). Yes indeed, our wisdom is Practical.

I want to tell you all that graduation is not an end goal in itself, it is instead a part of the larger journey of life. Where ever your future takes you, let it take you somewhere good and responsible. Life is a journey and all accomplishment we achieve during its course should be as starting points for further achievements our graduation should serve as such a launching point. I hope everything goes well and I hope that you exceed beyond all your expectation in life.

Thank you.

Miss Bishop Matthew Norwood (2023 - 2024)
